Module 7 Solving Linear Equations and Inequalities of Two Variables
Lesson 3 Graphing Linear Inequalities of Two Variables

guided practice

Set 1

1. Graph $x \geq 2$ on the coordinate plane.

2. Graph $y < 4$ on the coordinate plane.

Set 2

1. Graph: $x + y < -2$

2. Graph: $x - 2y \geq 8$

© 2003 BestQuest

3. Graph: $y < 2x$

4. Graph: $x \geq 4y$
