**Module 2   Whole Number Operations**
Lesson 3   Large Numbers: Multiplication

Set 1

1. Compare the Partial Products Method of Multiplication to the Standard Method of Multiplication. Explain why both methods get the same results.

2. Use only 4, 6, 8, and 9. Make the largest product possible.

3. Use only 4, 6, 8, and 9. Make the smallest product possible.
